

Case Management Guide

Business Basics

What is case management?

Case management is the powerful one-of-a-kind business simulation exercise case customization tool that is integrated to Cesim Instructor platform and available with all Cesim business simulation games.

What is a case?

Case in Cesim dictionary refers to a set of parameters that guide the development and fluctuations of the business and economic environment in our business simulation games. In addition to the parameters that change on roundly basis, case usually includes a separate case description or business case document giving a background story for the simulation exercise.

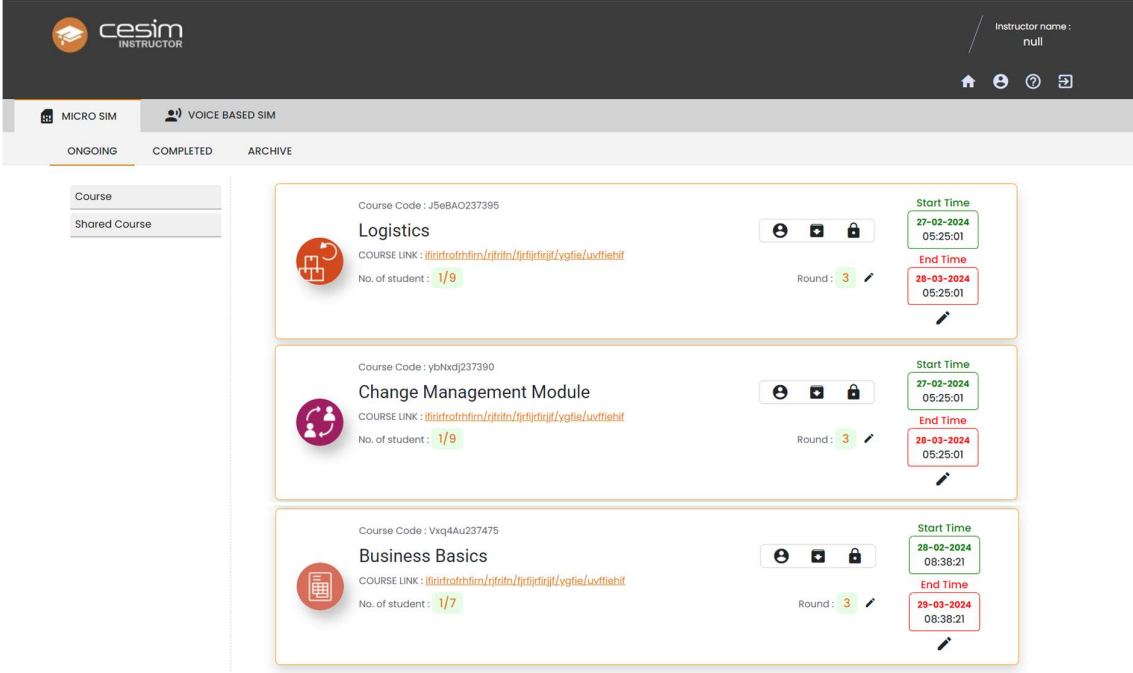

How to use case management?

Managing case is like managing a story, the instructor needs to decide on the text as well as the numbers that will impact the entire simulation. You will have to follow an order and relate it to the text you enter.

Follow the below steps to manage the case for Business basics-

1. Login to the platform

To make changes in the simulation, the instructor must login to the platform.

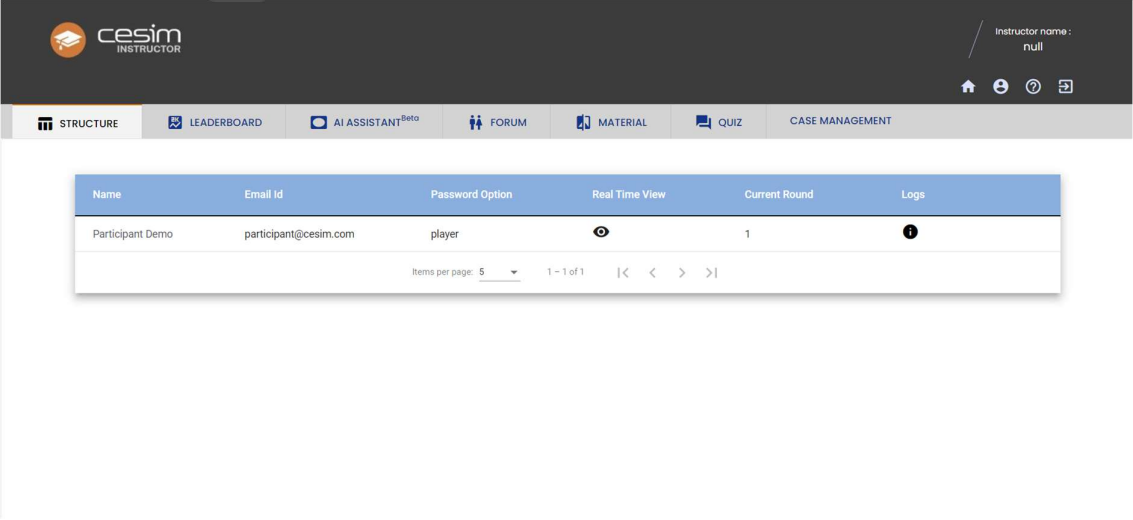

The screenshot displays the Cesim Instructor platform interface. At the top, the Cesim logo and 'INSTRUCTOR' text are visible. The right side shows the instructor's name as 'null'. Below the header, there are tabs for 'MICRO SIM' and 'VOICE BASED SIM'. Under 'MICRO SIM', there are sub-tabs for 'ONGOING', 'COMPLETED', and 'ARCHIVE'. The 'ONGOING' tab is selected, showing a list of three courses:

- Logistics**

No. of student: 1/9
Round: 3
Start Time: 27-02-2024 05:25:01
End Time: 28-03-2024 05:25:01
- Business Basics**
Course Code: Vxq4Au237475
Course Link: [#trtrcohtstfm/jgtrfo/tjrtjrtjrtj/ygtie/uvrtiehi#](#)
No. of student: 1/7
Round: 3
Start Time: 28-02-2024 08:38:21
End Time: 29-03-2024 08:38:21

2. After login, enter the game area to edit the case.

Click on Business Basics to enter the game area.

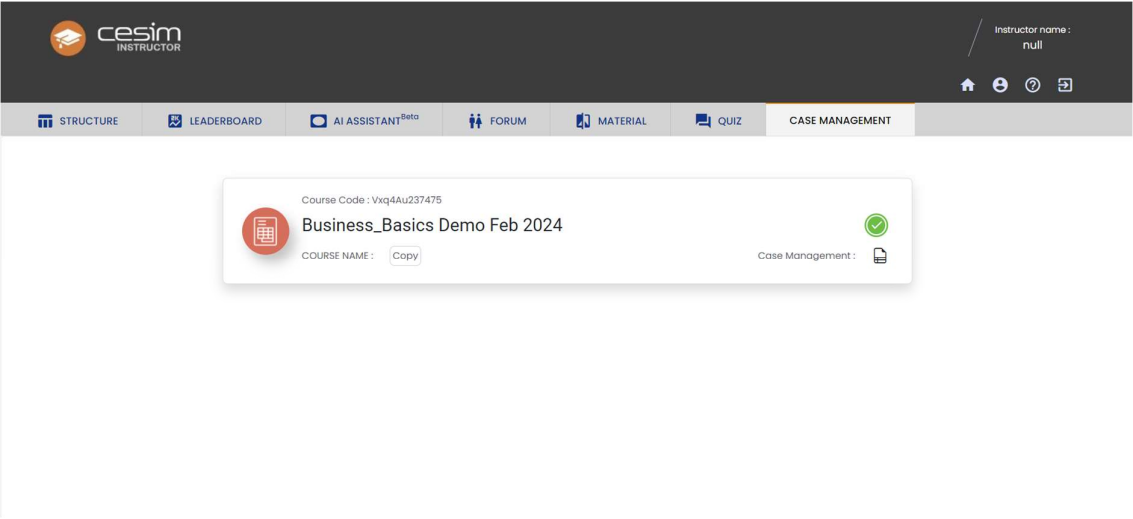

The screenshot shows the Cesim Instructor interface. The top header includes the Cesim logo and the text "cesim INSTRUCTOR". On the right, it says "Instructor name: null". Below the header is a navigation bar with tabs: STRUCTURE, LEADERBOARD, AI ASSISTANT^{Beta}, FORUM, MATERIAL, QUIZ, and CASE MANAGEMENT. The STRUCTURE tab is active. Below the navigation bar is a table with the following data:

Name	Email Id	Password Option	Real Time View	Current Round	Logs
Participant Demo	participant@cesim.com	player		1	

Below the table, there is a pagination control showing "Items per page: 5" and "1 - 1 of 1".

3. Go to Case Management

By default, you land up at structure section. Click on Case Management

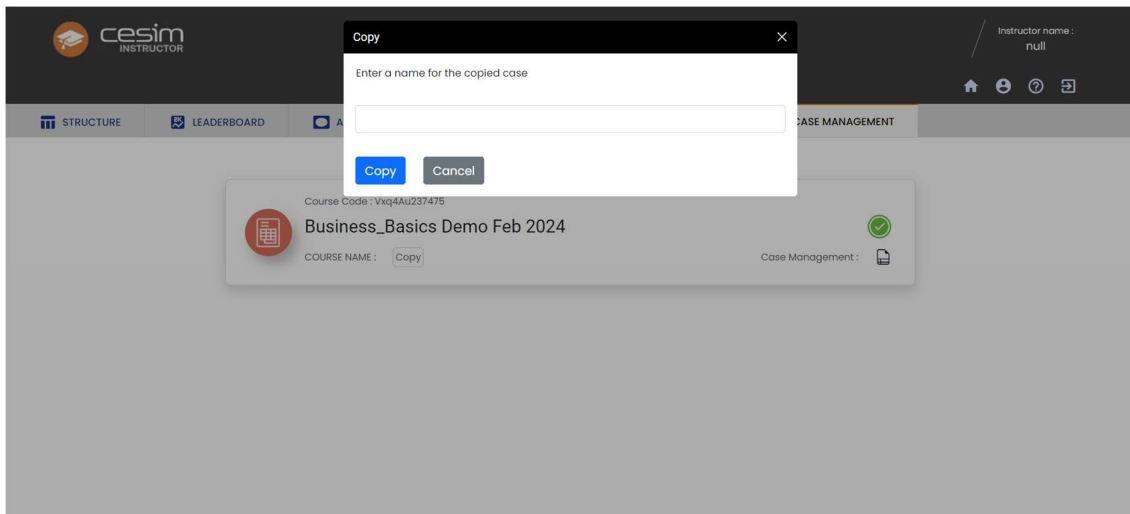

The screenshot shows the Cesim Instructor interface with the CASE MANAGEMENT tab selected. Below the navigation bar, there is a card for a case. The card contains the following information:

- Course Code: Vxq4Au237475
- Business_Basics Demo Feb 2024
- COURSE NAME:
- Case Management: 

4. Copy the case and name it

To edit the case, it is advisable to create a copy of the case before making any change in the existing case.

5. Enter the section 'Case Management'

Click on the 'document icon' appearing next to case management. After the instructor clicks on case management, different tabs/sub-section will appear – Location, demand, investment, marketing, food for thought and modules.

○ Outlook

You can build scenarios by changing texts for each round. The market outlook texts appears in the editable boxes will be the ones used. The instructor must edit in custom outlooks box mentioned on the page. The original market outlook text will always be available for reference on the page along with the editable text boxes. There are 10 market outlooks, one for each round and these are changed from the top left corner of the page from the round number selector.

Original text

Setting up a tea retail shop in India's thriving market offers significant opportunities. With a market size of around INR 26,500 crore (approximately USD 3.6 billion) in 2022, the Indian tea industry has experienced steady growth, driven by factors like increasing disposable income and changing consumer preferences. The compound annual growth rate (CAGR) of the tea market in India is estimated to be around 5-6% during the forecast period of 2021- 2026.

Tea is widely accessible throughout India, with a strong distribution network that reaches both urban and rural areas. The country's vast population ensures consistent demand across various regions. The supply chain involves tea producers, auctions for trade, tea exporters, packers and processors, and distributors and retailers.

As an entrepreneur, setting up a tea shop in the Bangalore market presents a promising opportunity. Bangalore, known for its education and technology sectors, provides a sizable consumer base. Consider catering to diverse preferences by offering a range of teas and innovative blends. Create an appealing ambience, focus on quality sourcing, and ensure efficient distribution to reach customers effectively. Stay attuned to market trends, adapt to changing consumer demands, and provide excellent customer service to establish a successful tea retail business in Bangalore.

Create an appealing ambience, focus on quality sourcing, and ensure efficient distribution to reach customers effectively. Stay attuned to market trends, adapt to changing consumer demands, and provide excellent customer service to establish a successful tea retail business in Bangalore.

○ Location

By default, the simulation begins with a capital of INR 6,00,000 and two locations, Jayanagar - Bengaluru University and Whitefield - ITPL Corporate Park. You may begin with deciding on the name of the location and by making changes in the capital. Other options available in the page to edit are 'rental per month for each location'; 'standard size of tea shop in sq ft'; monthly cost for 'Licenses and Regulation' and 'monthly borrowing cost per month' (in case of any emergency borrowings)

○ Investment

In this section, the changes will directly impact the demand. For instance, selecting the type of Interior design – simplistic and aesthetic, Product mix, selection of vendors, Technology will impact on demand. Another change you can make is in ‘Multipliers’ – this is used to manage demand and final sales.

Interior - Tea design								
	Round 1	Round 2	Round 3	Round 4	Round 5	Round 6	Round 7	Round 8
Simplistic								
Operational cost per month, INR	12000	12000	12000	12000	12000	12000	12000	12000
One time investment, INR	360000	360000	360000	360000	360000	360000	360000	360000
Aesthetic								
Operational cost per month, INR	25000	25000	25000	25000	25000	25000	25000	25000
One time investment, INR	720000	720000	720000	720000	720000	720000	720000	720000

○ Marketing

In marketing section, you can make changes in the graphs for - ‘Pricing elasticity’ and ‘Promotional elasticity’ and cost of ‘type of service’ and ‘marketing campaigns’.

Outlook	Location	Demand	Investment	Marketing	Food For Thought	Module
---------	----------	--------	------------	-----------	------------------	--------

Graph 1

○ Food For Thought

This is a form of rubrics, that can be used for evaluation. The instructor can change the questions appearing under ‘food for thought’ in each page and provide a custom feedback on their replies. A score can be defined based on the parameters – Rigor, Structuring, Synthesis, and Business Judgement. This will be displayed in the results page.

SL NO.	Text	Option	Feedback	Score	Rigor	Structu
Q.1	What is important to take into consideration while deciding on a location for the tea shop in Bengaluru?	The level of foot traffic and the consumer paying capacity of the neighbourhood.
